Hiking and Mountain Biking Trail from the Houw Hoek Hotel

Total distance: 14km **Hiking time:** approx 3 to 4 hours (or part thereof) **Mountain biking time:** approx 1.5 hours
Elevation: 350m **Terrain:** jeep trail, not technical **Start and end:** Houw Hoek Hotel **GPS** -34.204544, 19.151316

This beautiful trail is mostly jeep track. After 6km of gradual uphill with panoramic views across the Botriver valley, there are viewpoints that look back over the hotel. The route then becomes a slightly rocky footpath not suitable for mountain biking. At this stage, cyclists should take the long easy downhill back to the hotel. The views all along this route are spectacular, so don't forget your camera and to stop and take it all in.
